Office Order

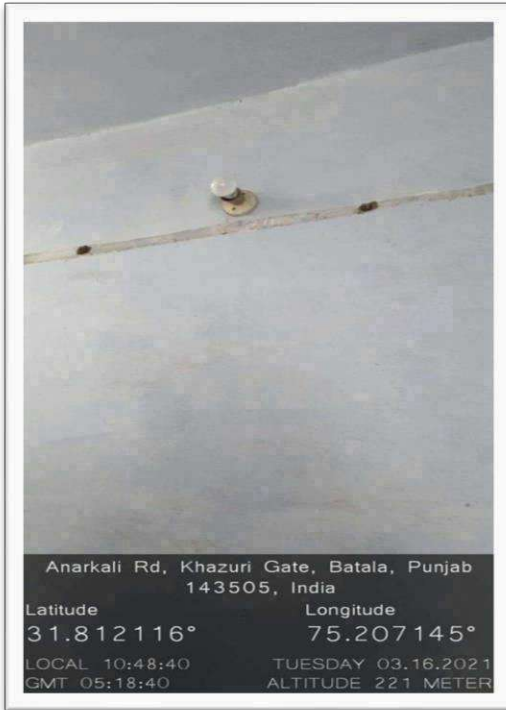

Reference to the Committee meeting of "Environment & Energy Initiatives" of the college held on 18/11/2022, following decisions were unanimously taken for environmental promotional activities and energy conservation:

1. Plantation in the college campus should be done regularly.
2. There should be restricted entry of vehicles beyond the college admin block.
3. Single use plastic should be banned in the campus.
4. Bins for different types of waste material should be installed the different locations in the campus.
5. Any type of waste material should not be burnt in the campus.
6. There should be maximum use of solar energy.
7. Old fans consuming large amount of electric energy should be replaced with the new fans.
8. Incandescent bulb should be replaced with the new LED bulbs and LED tube lights.
9. Motion sensor lights must be installed at locations which lack direct sunlight.
10. Some steps must be taken for water conservation.
11. Disabled friendly environment should be created.

MEMO. NO.PMIDC/SWM/2021.....4295

Dated: 31/5/21

To

The Principal
S.L Bawa D.A.V College
Batala (Gurdaspur).

Subject: Appreciation for on-site management of horticulture waste.

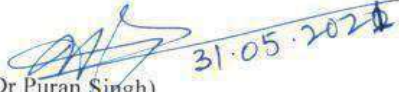

Madam

On the subject noted above. The College Administration/ Management of S.L Bawa D.A.V. College, Batala has set an example by setting up of compost units on 07-05-2021 with the support of MC Batala for the on-site processing of horticulture waste generated in the college premises, only after a single meeting with the Principal and staff of the college.

Other institutions may also adopt this cost effective on-site composting method and can also give a practical sense of conversion of wet waste into valuable resource – the compost amongst students.

The Swachh Bharat Mission team, Municipal Corporation, Batala and Punjab Municipal Infrastructure Development Company (PMIDC), Department of Local Government (Punjab), Chandigarh will always ready to provide the requisite support to the Institutions etc for on-site waste management of their solid waste.

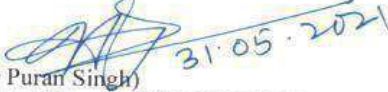

The efforts of the College Administration/ Management for adoption and installation of necessary infrastructure with the support of MC Batala for on-site composting of horticulture waste are highly appreciated.

(Dr Puran Singh)
Project Director (SBM-U & SWM)
PMIDC, Deptt of Local Govt, Punjab
Chandigarh

Endst. PMIDC/SWM/2021/4296

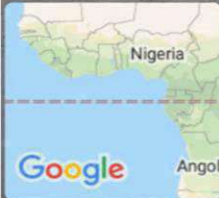

dated 31-05-2021.

A copy of the above is forwarded to the Commissioner, MC Batala for his kind information and with a request to promote on-site composting of horticulture waste in the Institutions.

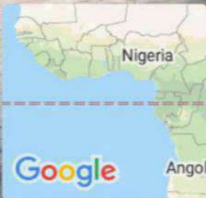

(Dr Puran Singh)
Project Director (SBM-U & SWM)
